Projects

TourMate / Laravel, Smart Travel Companion

Since April - 2024

- Developed a centralized web platform that connects travelers with local hotels, guides, and tour services, aiming to enhance the tourism experience.
- Designed and implemented a user-friendly frontend interface using Laravel and Bootstrap, ensuring responsiveness across devices.
- Integrated RESTful APIs for managing destinations, bookings, and reviews, providing a seamless and efficient user experience.
- Focused on delivering personalized travel recommendations and smooth booking processes for users.
- Github Repository Link: <https://github.com/Raunit2025/TourMat>
- Netlify Live Link: (In Progress)

LocalE-Shop / ReactJs, Online E-Shop for Local Retailers

November - 2024

- Developed a comprehensive e-commerce platform that enables local retailers to showcase and sell their products online.
- Designed and built a user-friendly frontend interface using **ReactJS**, ensuring an interactive and seamless shopping experience.
- Integrated robust **API connections** to manage product listings, categories, and customer orders efficiently.
- Github Repository Link: <https://github.com/Raunit2025/E-shop>
- Netlify Live Link: regal-gelato-dc7727.netlify.app

Certificates

RESTful Microservices Using Node.js and Express

May 2024

Coursera — <https://tinyurl.com/2ru2pe7p>

HTML, CSS and JavaScript for Web Developers

April 2024

Coursera — <https://tinyurl.com/yvxyawwm>

Technical Skills

Languages Java, C++, JavaScript, Python

Technologies/Frameworks: ReactJS, Node JS, Laravel, Tailwind, Ubuntu, MacOS

Skills: Data Structures and Algorithms, Problem-Solving, Responsive Front-end Design, Scripting in JavaScript

Education

Lovely Professional University Punjab

Since – 2022

Bachelor of Technology - Computer Science and Engineering — CGPA: 7.09

Phagwara, Punjab

M.D.J Public School

2021 – 2022

12th with Science — Percentage: 77%

Bhojpur, Bihar

M.D.J Public School

2019 – 2020

10th with Science — Percentage: 84%
