SKILLS

- **Languages:** Java, C++, Python, JavaScript
- **Frameworks:** HTML and CSS, Bootstrap, NodeJS, ReactJs, Tailwind
- **Tools/Platforms:** MySQL
- **Soft Skills:** Problem-Solving Skills, Team Player, Project Management, Adaptability

TRAINING

AI/ML Training – Wayspire January 2024 – March 2024

Pursued an intensive training program in Artificial Intelligence and Machine Learning. Gained hands-on experience in data preprocessing, model building, evaluation (accuracy, MSE), and basics of deployment. Covered key concepts like missing value handling, normalization, feature encoding, outlier detection, and supervised learning. Worked extensively on data visualization and collaborative coding.

Project - Analysing Weather Data: March 2024

Cleaned and analysed weather data for trends and extreme conditions. Created visualizations (time-series, histograms, heatmaps) and shared results via Google Colab.
Tech: Python, Pandas, Matplotlib, Seaborn, Google Colab

PROJECTS

- **TourMate – Smart Travelling Companion:** Since April-2025
Developed a user-friendly platform for the tourism industry, connecting travelers with local hotels, guides, and tour services. Designed and implemented responsive layouts using Laravel and Bootstrap to ensure accessibility across devices. Integrated RESTful APIs for managing destinations, bookings, reviews, and user data efficiently. Utilized Laravel's MVC architecture for clean code and maintainable structure, enhancing performance. Focused on delivering seamless user experience with interactive booking features and personalized travel recommendations.
Tech: Blade, HTML, CSS, Laravel, MySQL, Laravel Authentication
- **LocalE-Shop – Online E-shop for Local Retailers:** November-2024
Developed a user-friendly frontend interface for an online e-shop supporting local retailers. Designed and implemented responsive layouts using ReactJS and Bootstrap to ensure accessibility across devices. Integrated RESTful APIs to manage product listings, categories, and customer orders efficiently. Used Redux for robust state management across components, improving performance and maintainability. Focused on delivering a smooth user experience with interactive UI components and intuitive navigation.
Tech: HTML, CSS, ReactJS, Redux, Bootstrap

CERTIFICATES

- Data Structures and Algorithms - Self-Paced (Java) by GFG. September-2024
- Generative AI for Everyone by Coursera February-2024
- Introduction to Generative AI by Coursera January-2024

ACHIEVEMENTS

- **One among Dean's top 10% students at University:** August 2024
For good academic performance at university
- **Received letter of appreciation from Wayspire team:** April 2024
Completed an internship with the role Artificial Intelligence Intern at Wayspire.
- **Secured All India Rank 433rd:** April 2022
Among 9k+ participants in LPUNEST Exam

EDUCATION

- **Lovely Professional University** Punjab, India
Bachelor of Technology - Computer Science and Engineering; CGPA: 7.09 Since August 2022
- **M.D.J Public School** Arrah, Bihar
Intermediate; Percentage: 77% April 2020 - March 2022
- **M.D.J Public School** Arrah, Bihar
Matriculation; Percentage: 84% April 2018 - March 2020
